

## **ECON747 –Spatial Econometric Models and Methods**

26 October 2024

Midterm Test

Instructor: YANG Zhenlin

READ ALL INSTRUCTIONS CAREFULLY

- 1 This is a take-home test, **starting 8:30AM and ending 11:30PM, 26 October 2024.**
- 2 The examination has a 20% component of the course assessment.
- 3 This test paper contains **Five (5)** questions and comprises **Three (3)** printed pages including this cover page. You are required to answer all questions.
- 4 Upon completion, scan the hand-written part into the computer, combine it with other parts (typewritten part, Matlab and Python outputs) into a single PDF file, and submit it through eLearn > Assignments.
- 5 You are required to attach the relevant Matlab and Python codes in a zip-folder.
